Wm Lloyd Garrison

92 Dear Friend.

The accompanying package, I have been requested by our mutual friend Maria Mann = ott to deliver to you with a request for its acceptance by you.

It belonged to her mother before she came from England over sixty years ago. It may be an acceptable memento from a dear old woman who feels her life nearly spent; to one whose life has been an earnest protest against the wrongs of the Slave.

With kind regards for yourself and family I am truly

Your friend
